

Grand Valley Power
Rate SR-1
Sales for Resale

Applicability:

To Utah Power and Light Company pursuant to the terms of a contract dated November 1, 1975 wherein Grand Valley Rural Power Lines, Inc., agrees to sell at the Colorado-Utah border electric energy for resale by Utah Power and Light to their existing three customers' metering points in the State of Utah with a future limitation of one additional residential customer and one pump not to exceed 10 horsepower, or the approximate equivalent thereof.

Type of Service:

Service at the delivery point will be at single-phase, 7200 volts.

Rate:

Distribution Charges:

Grid Connectivity Charge:	\$46.00 per meter per month
Energy Delivery Charge:	All kWh per month @ \$0.08828 per kWh

Generation and Transmission Charge:

Power Supply Energy Charge:	All kWh per month @ \$0.06948 per kWh
-----------------------------	---------------------------------------

In addition to the rates and charges described above, a Wholesale Power Cost Adjustment (WPCA) shall be applied to all kWh billed.
